

About Our Organization

Headquartered in Hot Springs AR, the Christian Martial Arts Council is a faith-based professional organization for martial arts and fitness instructors.

Through Kid-Safe Communities, KSC Advocates work with law enforcement, civic, school, church & community leaders to help prevent child abuse, molestation and the abduction of children.

Through Women-Safe Communities, the WSC Advocates works law enforcement, civic, school, church & community leaders to raise the awareness of women to help minimize their risk of becoming a victim of assault or rape.

CMAC is a 501(c)3 non-profit organization that is supported through the generosity of individual and corporate donations. We receive no local, state or federal funding. Gifts to support the ongoing education and safety efforts of CMAC are income tax deductible to the extent permitted by law.

About Our Director

John Terry is a martial arts / self-defense instructor, personal fitness trainer and a law enforcement chaplain. He has conducted hundreds of "kid-safe" and "women-safe" events, and is a regular contributor to radio, print and digital media on "kid-safe" and "women-safe" issues.

John is a member of the National Crime Prevention Association (NCPA) and Crime Prevention Council of America (CPCA). He is married, with 6 children, and makes his home in Russellville AR.

John was inducted into the United States Martial Arts Hall of Fame in 2008 for his national work as a Kid-Safe Advocate, and currently serves on the board of several professional martial arts organizations.

Safety Fair Community Outreach

Changing lives, empowering families, and sharing the important message of "danger awareness" in your community

Creating a “Kid-Safe” Community...

One of the greatest natural resources we have in our communities are our children.

But we know that today's society presents challenges that families just a decade or so never thought they would face. Sexual predators, rapists, and others who would harm children now fill the nightly news.

That's where we can help. With the growing number of high profile cases drawing attention to the plague of abuse that is being directed on children, teens, and women communities are looking for resources to help them combat this threat and protect families from danger.

Our “Kid-Safe” and “Women-Safe” programs provide a vehicle for you to offer “danger awareness” education and safety tips to the local community, uniting families, civic leaders, school officials, law enforcement, and corporate businesses in a concerted effort to make a positive difference in the lives of children. Together, we can help families raise “Kid-Safe” kids and strengthen our community.

What We Offer

Educational Workshops

We offer a variety of educational workshops to raise the level of “danger awareness” among participants on a variety of safety topics including:

- Predator Awareness
- Internet Safety
- Rape & Assault Prevention
- Travel & Shopping Safety
- Bullying & Cyberbullying
- Home Alone Safety
- Inappropriate Touching / Child Abuse

Practical Self-Defense Applications

Children, teens, and women can be exposed to a variety of practical techniques to verbally de-escalate a confrontation or fight back as a last resort.

This workshop covers many of the common types of attacks children, teens and women face, along with “common sense” solutions to combat them.

Information is shared in an interactive, fast-paced, fun-filled program that helps children and adults gain a quick understanding of the techniques taught and how to apply them in “real life” situations.

Fingerprinting / Photo ID Registration

Enrolling children, teens, and adults in our Rapid Search Network system helps law enforcement and emergency services personnel expedite the search for a missing person. See our site at:

www.rapidsearchnetwork.com

Safety Fair: Putting It All Together

We conduct “Safety Fairs” at schools, churches, civic centers, as part of a community event. Civic, corporate, church, school, or fraternal orders host the event, promote it in their local community.

The host organization can benefit from the positive press associated with a “Kid-Safe” event, as well as from the traffic that attends the safety fair. Corporate logos on the ID kits provided at the event serve as a constant reminder of the host's commitment to child safety and generates significant goodwill among attendees.

Contact us for details or to schedule an event.
